Hazardous Weather

Warmer Today

Storms possible, mainly south and west

Weather Forecast Office
Midland/Odessa, TX
Issued Jun 27, 2017 5:12 AM CDT

Thunderstorms are possible again today, with the best chance existing from the Big Bend Area northwest to the Guadalupe Mountains.

Severe weather is not expected, but stronger storms could produce **gusty wind**, **small hail**, and **locally heavy rainfall** which could lead to **localized flooding**.

Temperatures will be close to normal today, with highs in the 90s for most.

f t NWSMidland

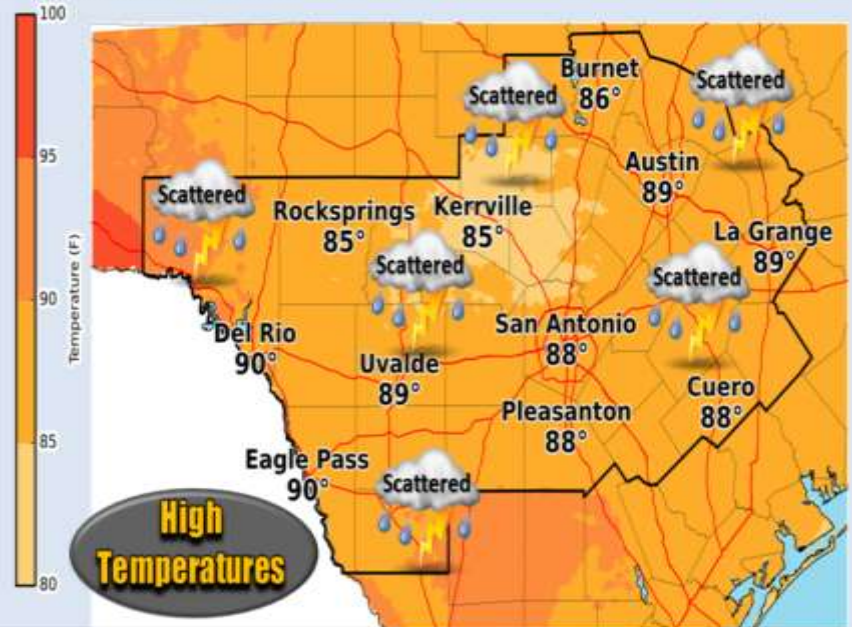

weather.gov/maf

It will be warmer today across Southeast New Mexico and West Texas, with highs in the 90s for most. Temperatures in the 80s are possible across higher terrain, with 100s through the Rio Grande Valley. Thunderstorms will be possible once again, mainly along/west of the Pecos River, with the best chance from the Big Bend Area northwest to the Guadalupe Mountains. Severe weather is not expected, however, stronger storms could produce gusty wind, hail, and locally heavy rainfall which could lead to localized flooding.

Slightly Below Normal Temperatures with Scattered Thunderstorms

National Weather Service Austin / San Antonio

YouTube

f

t

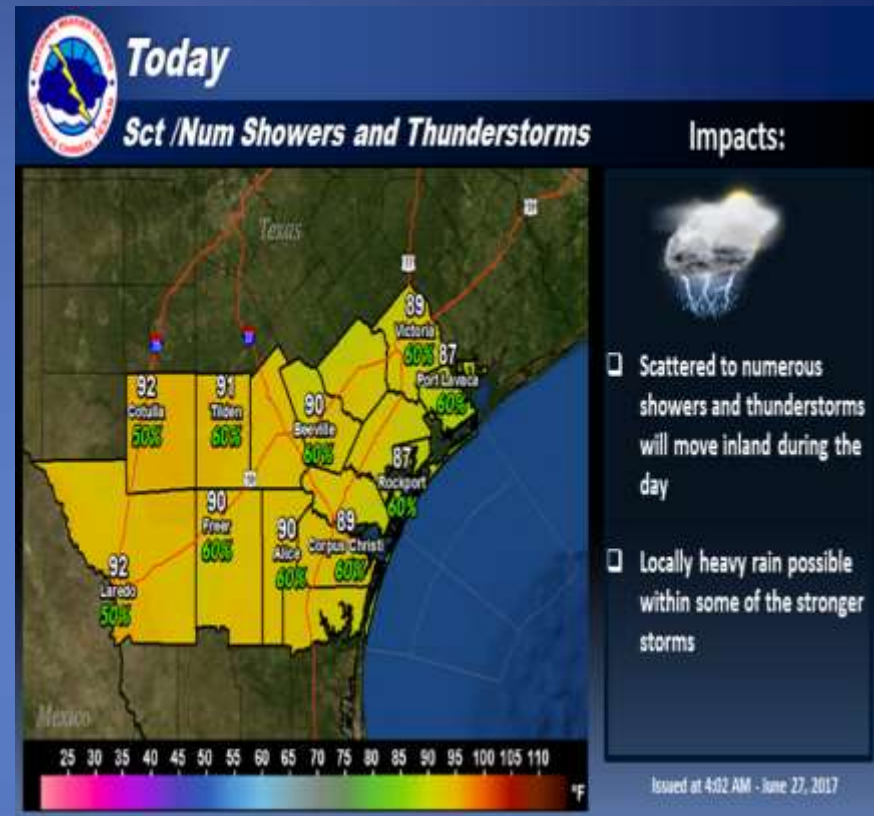

@NWSsanAntonio
weather.gov/ewx

Scattered showers and thunderstorms remain possible today across the area as the remnants of the stalled front continue to impact our weather. Some storms could produce locally heavy downpours. High temperatures will range from the middle 80s to the lower 90s, which are slightly below normal for this time of year.

Hazardous Weather

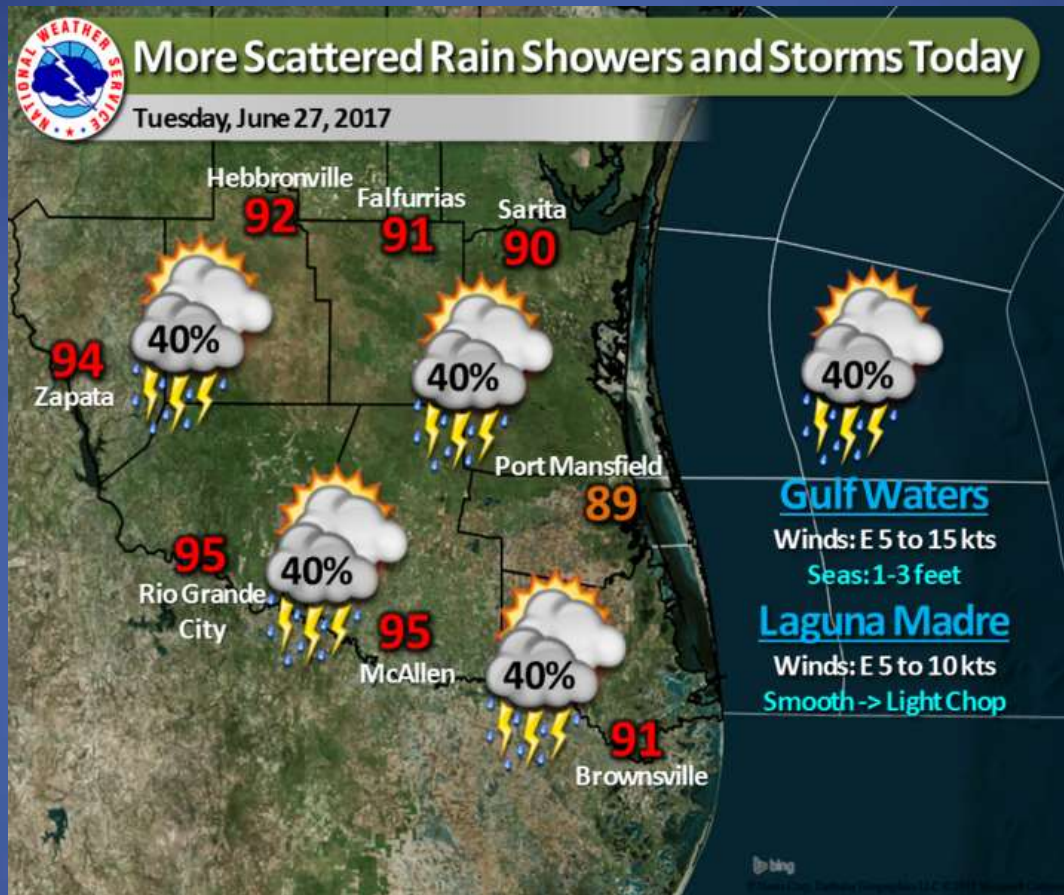

Today will be pretty similar to yesterday with showers and thunderstorms hanging around the coast this morning before moving inland this afternoon. High temperatures are forecast in the upper 80s with heat index values in the low to mid 90s.

Scattered to numerous showers and thunderstorms can be expected across South Texas today. Highs are expected to be around 90 degrees along with a weak to moderate onshore flow.

Hazardous Weather

Scattered rain showers and thunderstorms are expected again today across the Rio Grande Valley and the rest of Deep South Texas. Otherwise, expect partly sunny to mostly cloudy skies with temperatures in the upper 80s to the middle 90s. For the mariners, light to moderate easterly breezes can be expected with the Laguna Madre building to a light chop from smooth waters this morning and gulf seas of 1 to 3 feet out to 60 nautical miles.

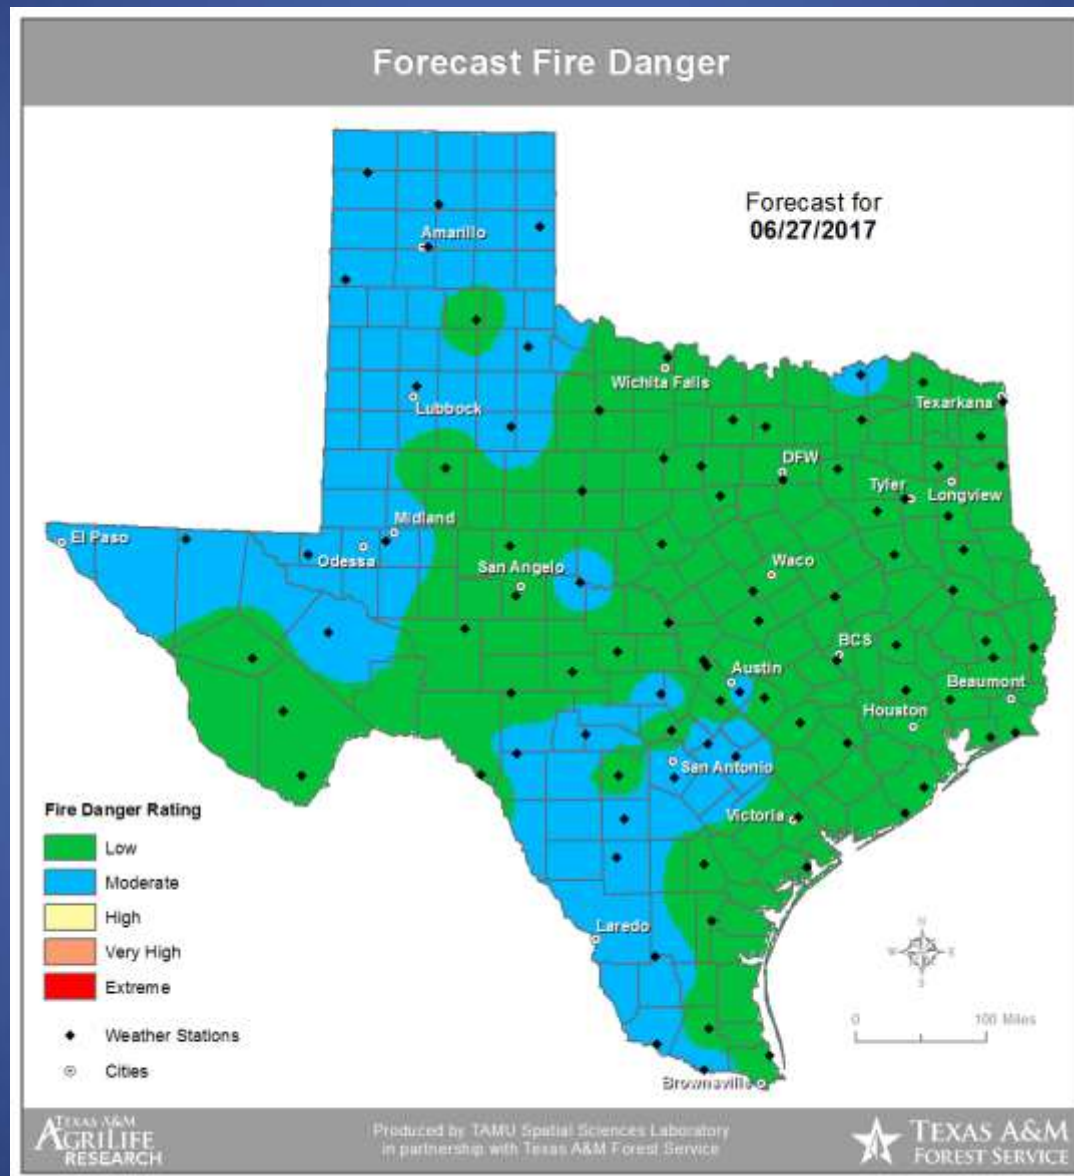

Weather Warning/Advisories Issued

DATE	WARNING TYPE	LOCATION
06/26/17	Flood Warning Continues	Sabine River Near Deweyville affecting Orange and Newton Counties
